Their childhood is at risk, threatened by the daily struggle to secure enough food, enough shelter, enough medicine just to survive - with little or no access to health care and education.

But who hears the cries...? Who gives more than a passing glance...? Who cares to notice...? But you have. Battles are never won alone.

Working for almost three decades, PECUC has reached over 3 million socially deprived individuals across the country and working for their development in the field of social welfare, health, protection and education. In this long and successful journey we have worked together.

In this mission of MASOOM - Support a Child Programme, we are sure you will respond from your soul.

There is no fixed amount for donation. Neither you need to pay any administration cost. Whatever you give, your love, your care, is what we need to share. The battle is not over... Your love, your care is what we need to bring about change.
